JOIN THE CLUB

The Mediclub USA membership includes office visits and several routine in-house tests.

Ancillary services and specialized tests may be available at discounted rates.

Blood Draws for special tests can be done in the clinic, and sent to the laboratory; the members will be responsible for those discounted expenses.

The Mediclub USA membership is not an insurance plan, but is an alternative to high cost plans and is much more affordable method of getting medical care and treatment.

When combined with \$4 prescriptions offered by most leading pharmacies, the Mediclub USA membership will make your medical care affordable.

What is MEDICLUB A.C. Card?

- ACC-card is an agreement between the clinic and the patient.
- This is not an insurance policy; it is a pre-paid agreement between the patient and the clinic to help make the outpatient clinic visit cost; affordable and predictable, for a period of up to year.
- The membership helps cover the cost of the office visits and basic in-house tests, which may be needed to be done at the clinic appointment for just over \$25 (approx. plus a discounted amount for send out tests needed).

Who can get MEDICLUB A.C. Card?

- Small businesses can offer benefit to their employees.
- An alternative for individuals who cannot afford to pay for high medical insurance cost.
- Or, for the individuals who have really high and unaffordable deductible.

What services does the MEDICLUB A.C. Card cover?

- Membership includes the visit, and some basic tests offered in-house.
- Some non-routine lab work that needs to be sent out is made available on a fee, based on actual cost.
- List of tests available in-house is available on request. Ancillary tests e.g. X-rays, stress test etc. may be discounted upon availability.

What is not covered by MEDICLUB A.C. CARD?

- This membership does not include any other medical service except for the physician office visit as outlined.
- NOT COVERED: Since this is not insurance – it does not pay for any Medications or services rendered elsewhere, including but not limited to, maternity, emergency room, ambulance, surgeries, and hospital admissions, radiology or any other special tests sent out to the third party laboratory.

Can I get reimbursed by my medical insurance?

- No, there are no guarantees regarding reimbursement by any insurance companies and we will not file insurance claims for services rendered under this agreement.
- Medicare and Medicaid patients are not allowed to buy this membership or file claims.
- Insurance plans may not reimburse for the membership, As it is an outpatient health care contract between the patient and the clinic members.

Other Disclaimers:

- The agreement is executed after payment has been made.
- Refund policy: Membership fees are non-refundable once any office visit is initiated and/or lab work has been completed.
- Membership will remain active for one year.
- Agreement will be renewed yearly.
- Membership is not an insurance policy; it is simply an agreement between the patient and the clinic.
- MEDICLUB A.C. card is nontransferable to any another individual.
